CARE INSTRUCTIONS:

- This wood top comes finished and ready for installation and use.
- This wood top can be cut to size with standard wood working tools. A dark Walnut stain can be used to darken lighter areas of cut edges if desired. Any cut edges should also be sealed with a polyurethane to protect the wood from rapid moisture gain or loss.
- For food preparation, we recommend that a cutting board or mat be used to preserve the life and look of the top. Do not cut directly on the wood surface as the finish could become scratched.
- Clean this wood top with warm water and a mild detergent.
