

DISTRESSED EUCALYPTUS WALNUT UV FINISHED TOP

CONGRATULATIONS on purchasing a FSC® Distressed Eucalyptus Walnut UV Finished top made by Sparrow Peak. Sparrow Peak provides the best valued wood products on the market today! With the proper treatment it will look great for years to come.

Eucalyptus is a tropical hardwood known for its beautiful contrast of heartwood and sapwood. This Eucalyptus top is uniquely distressed and comes with a dark walnut stain followed by a UV light cured polyurethane finish. Eucalyptus wood is a product of nature and will display characteristics that are unique to each piece.

CARE INSTRUCTIONS:

- This wood top comes finished and ready for installation and use.
- This wood top can be cut to size with standard wood working tools. A dark Walnut stain can be used to darken lighter areas of cut edges if desired. It is recommended to use Minwax Dark Walnut 2716 stain. Any cut edges should also be sealed with a satin finish polyurethane to protect the wood from rapid moisture gain or loss.
- For food preparation, we recommend that a cutting board or mat be used to preserve the life and look of the top. Do not cut directly on the wood surface as the finish could become scratched.
- Clean this wood top with warm water and a mild detergent.

WARRANTY:

- This product comes with a 90 day limited warranty.
- It can be exchanged or refunded if the product has delaminating staves or other damages because of faulty fabrication.
- The product warranty will not cover product damage due to improper storing, handling, alteration, or installation.
- Any damage due to transportation must be reported immediately. If upon receipt the packaging appears to be damaged please unpack immediately and check for potential damage.
