

UV FINISHED TEAK BUTCHER BLOCK

CONGRATULATIONS on purchasing a FSC® UV Finished Teak Butcher Block made by Sparrow Peak. Sparrow Peak provides the best valued wood products on the market today! With the proper treatment it will look great for years to come.

The Teak in this product is a tropical hardwood species that is known for being highly resistant to decay, insects, bacteria and weather, making it ideal for a variety of different applications. Teak wood is a product of nature and will display characteristics that are unique to each piece.

CARE INSTRUCTIONS:

- This wood top comes finished with a UV light cured polyurethane which is a very durable surface. It is ready for installation and use.
- This wood top can be cut to size with standard wood working tools. Any cut edges should be sealed with a satin finish polyurethane to protect the wood from rapid moisture gain or loss.
- For food preparation, we recommend that a cutting board or mat be used to preserve the life and look of the top. Do not cut directly on the wood surface as the finish could become scratched.
- Clean this wood top with warm water and a mild detergent.

WARRANTY:

- This product comes with a 90 day limited warranty.
- It can be exchanged or refunded if the product has delaminating staves or other damages because of faulty fabrication.
- The product warranty will not cover product damage due to improper storing, handling, alteration, or installation.
- Any damage due to transportation must be reported immediately. If upon receipt the packaging appears to be damaged please unpack immediately and check for potential damage.
